

Daniel Gehrs
Cabernet Sauvignon
2009

A full sized crop in 2009 was welcome after two back-to-back short harvests in 2007 and 2008. This vintage offers a purity of varietal fruit, black currant, blackberry, cassis and a hint of wild strawberry. Very smooth and juicy on the palate this wine will drink well over the next term with 3-4 years of aging potential as well.
