

93-95

**Forman Cabernet Sauvignon 2006**

The 2006 Cabernet Sauvignon is sweeter and more opulent(*than the 2005*), with sweet cassis as well as much more exuberance and flamboyance, as it was a slightly riper year, but great structure in the mouth, terrific fruit purity, and oodles of black currant and cassis fruit intermixed with some licorice, subtle smoke, and spice.
