

93**2005 Mount Eden Vyd
Estate Cabernet Sauvignon**

Mount Eden makes their estate Cab the old-fashioned way: to age. The '05 is quite tannic and shut down right now, with a hard astringency, especially on the finish. However, it's rich in black currants, mocha and cedar, and is a natural for many years in the cellar. The score could rise considerably after 2011. - **S.H.** (3/1/2009)
