

Selaks Ice Wine

Ice-tini recipe

2 parts **Selaks Ice Wine**
3 parts* (to taste) top-shelf Vodka (*preferably a grape-based vodka, 42 Below from NZ, Boomerang from AUS*)
Frozen Grape Garnish on cocktail spear (*try one grape, or 2-3 in different colors*)

Add Selaks Ice Wine and Vodka with ice to Cocktail Shaker, shake well. Pour into frosted Martini glass; add garnish.

A higher ratio of vodka will produce a drier style. Less vodka may be better for a younger crowd or a style more suited to dessert or pairing with spicy appetizers.
